

## Opening hours

The library is open **from Monday to Friday from 8 a.m. to 6 p.m.** for members and guests of the institute.

External users can use the library by appointment.

## Holdings

According to the research interests of our institute we provide all kinds of media and information in the fields of **systems biology** and **biotechnology**, **chemistry**, **informatics**, **mathematics**, **systems and control theory**, **process engineering** and **dynamics**, **chemical & bioprocess engineering**.

## FIND books, ebooks & MPI publications

Access our catalog and find **interesting print and electronic books, reference works & MPI publications.**

### ACCESS Databases e.g. WoS, SCOPUS & PubMed

Access **lots of interesting databases** to find journal articles, books, conference papers, data, properties and compounds for your work.

### DOWNLOAD full texts

**Download full texts** by clicking the SFX button which you will find in several databases licensed by the Max Planck Society.

If the full text is not available, you will be able to order it through the library.

### GET full texts and books which are not in our library

**Order articles or books** if they are not available online or in the library. Please see "order" on our web site or contact us by email or phone.

### Important for you to know:

Access to ebooks, ejournals and databases is controlled by IP-range. This means the service is available only if you are working in MPI main building or in our guest houses.

## GET more information competency

**Improve your knowledge about the use of information resources** available within the Max Planck Society and take part in our monthly workshops both in english and german.

Schedules will be announced at the beginning of each month by email and on our web site.

Furthermore you have the possibility to take part in **Online workshops** offered by the Max Planck Society. Please find more information on our web site.

### Your publication / Open Access

Your publication will be registered in the institutional repository MPG.PuRe. If you have questions concerning open access publishing please contact us.

## FAQs

### Where do I find my online account?

<http://catalog.mpi-magdeburg.mpg.de/MyResearch/Home>

### Which are my login data?

Your **username** is the the number which you find on the backside of your library card. The **default password** are the first three letters of your family name.

### How can I extend my books?

Please come to the library office and bring your books with you or login to your online account:

<http://catalog.mpi-magdeburg.mpg.de/MyResearch/Home>

### How can I access electronic journals, books and databases?

If you are working from a computer in MPI main building or guesthouse you are within the IP-range of MPI and you have access to licensed material.

If you are working with your own laptop please contact the IT-department to get access to our IP-range.
