

15th International PhD Seminar on chromatographic Separation Science (SoCSS 2019)

24.-26. February 2019

Application

Last name: _____

First name: _____

Name of the institute: _____

E-mail: _____

Title:

Your research topic

Fundamentals of chromatography

Process development, intensification, and scale-up

Modeling, simulation, and optimization

Continuous chromatography

High-throughput solutions

Your preferred roommate: _____

Billing address:

VAT number: _____

(for non-german institutes only)

Please attach an one-page abstract and submit it along with this application form until
December 20, 2019 to kattein@mpi-magdeburg.mpg.de.
